OLIVARI 

Dal 1911 Olivari realizza maniglie in Italia,
all'interno dei propri stabilimenti,
dove si svolge l'intero ciclo produttivo.
Partendo da barre in ottone, le maniglie vengono
stampate, lavorate, smerigliate, lucidate,
cromate e marchiate al laser.
Olivari ha ottenuto le certificazioni
ISO 9001 e ISO 14001
e si avvale delle tecnologie più evolute,
ma ha mantenuto tutta la sapienza artigianale
accumulata in cento anni di storia.

Since 1911 Olivari has been manufacturing handles
at its own factories in Italy
where the entire production process takes place.
Starting with brass billets, the handles are forged, milled,
polished, buffed, chrome-plated and hallmarked with a laser.
Olivari has attained ISO 9001
and ISO 14001 certifications.
Though it uses the most advanced technology,
Olivari preserves all the artisanal wisdom
it has accumulated in 100 years of history.

LOW HORIZONTAL PLATE

suitable to every handle

TENKÝ HORIZONTÁLNY ŠTÍTOK

vhodný pre každú kľučku

TENKÝ HORIZONTÁLNY ŠTÍTOK

Tenký horizontálny štítok bol navrhnutý ako alternatíva k rozete, aby plnil dvojité funkcie.

prvom rade je estetická funkcia: ako akési pozadie, predĺženie kľučky dverí, vytvára efekt jedného integrovaného celku so silným výrazom a podstatou.

druhé, technická funkcia: prítomnosť horizontálneho štítku za celou kľučkou zabraňuje dotyku s dverami, čím predchádza riziku nárazov a poškodenia dverí napr. prsteňmi.

cieľom umožniť použitie horizontálneho štítku so všetkými modelmi kľučiek, sa vyrábajú dve verzie: pravouhlá a oválna.

Obidve sú vybavené veľmi silnou vratnou pružinou a horizontálnou zarážkou, aby sa kľučka po použití vrátila vždy späť do správnej polohy. Pstované podľa Skúšky odolnosti (DIN EN 1906) štítky prekročili 200.000 cyklov, čo viedlo k zaradeniu do 4. stupňa klasifikácie, ktorý je vhodný na najnáročnejšie použitie. Test sa v skutočnosti predĺžil až na 1.000.000 cyklov, ktoré sa s ľahkosťou prekročili. Úe verzie sú k dispozícii vo všetkých povrchoch uvedených v katalógu.

LOW HORIZONTAL PLATE

The low horizontal plate was designed as an alternative to the rosette, to perform a dual function.

First of all, an aesthetic function: being a sort of backdrop, an extension of the door handle, it creates the effect of one whole integrated piece, with strong expression and substance.

Secondly, a technical function: its presence prevents the door handle from touching the door and therefore avoids the risk of hitting and damaging it.

With the aim of allowing the use of the horizontal plate with all the door handles in the catalogue, two versions are made: a rectangular one and an oval one.

Both are equipped with a very strong return spring and a horizontal stop position, in order to bring the door-handle always back to its correct position after use.

Tested according to the resistance test (DIN EN 1906), they exceeded 200,000 cycles, resulting in the 4th grade of classification namely suitable to heavy use. In fact, the test was extended up to 1,000,000 cycles, which were easily exceeded.

Both versions are available in all the finishes listed in the catalogue.

Il catalogo è soggetto ad aggiornamenti. Ci riserviamo di apportare qualsiasi modifica ai prodotti e di eliminarli dalla produzione, senza obbligo di preavviso. Dati, misure o schemi hanno solamente carattere informativo e non sono vincolanti. Olivari declina qualsiasi responsabilità per eventuali refusi e/o errori presenti nel catalogo. Tutti i diritti riservati © OLIVARI B. s.p.a. I prodotti OLIVARI sono tutelati da brevetto in Europa e in molti paesi extra UE. Al fine di evitare contraffazioni, marchiamo al laser tutte le maniglie sia con il logo OLIVARI sulla leva che con il codice identificativo del lotto e la data di produzione sul collarino. Questa marcatura indelebile, certifica che il prodotto è realizzato in ambito ISO 9001 e ne consente la tracciabilità. Invitiamo i clienti a diffidare da prodotti "tipo OLIVARI" e ad acquistare solo prodotti originali "OLIVARI".

We reserve the right to modify and discontinue any products, without prior notice. Olivari declines all responsibility for any misprints and / or errors in the catalog. All rights reserved © Olivari B. s.p.a. OLIVARI products are registered and patented in Europe and many countries extra UE. In order to avoid counterfeits, we laser-mark all the door handles both with the OLIVARI logo on the lever and with the identification code of the lot and the date of production on the neck. This indelible marking, certifies that the product is made in ISO 9001 and allows traceability. We invite customers to beware of "OLIVARI type" products and to buy only "OLIVARI" original products.
