EVERYTHING IS DESIGNED.
FEW THINGS ARE DESIGNED WELL.

Colombo Design, a Family Company

“

Colombo Design: a family company.

sempre vicini a te

Proprio come una famiglia accudisce i suoi membri con amore e dedizione, così Colombo Design cura i suoi prodotti, con gli stessi valori e le medesime tradizioni, per fare di ogni ambiente una casa, senza scendere mai a compromessi sull'autenticità. Un manifesto contemporaneo dell'essere creativi, curiosi e sperimentali.

handles with care

Just like a family that handles its members with love and care, Colombo Design cares about its family of products and its production with the same values and traditions to make of any place a home, never accepting any compromise to quality and function, individuality and authenticity. Bonding heritage with creativity, curiosity and innovation.

Colombo Design: our mission.

la qualità sensibile

Intraprendere un'impresa nel terzo millennio.

Infondere entusiasmo ai collaboratori, convinti che il fattore umano sia condizione essenziale al progresso aziendale.

Produrre secondo criteri di eccellenza nelle varie fasi di lavorazione per offrire prodotti garantiti.

Rinnovare costantemente impianti e procedure per precedere i rischi dell'obsolescenza. Questi i requisiti di Colombo Design; leader mondiale nella produzione di accessori bagno, presente in 93 paesi nel mondo attraverso una fitta rete di agenti e distributori. Una realtà solida, nata nel 1991, che si estende su una superficie di 100.000 mq, di cui 25.000 mq coperti, a Terno d'Isola in provincia di Bergamo.

discerning quality

Creating a business in the third millenium.

Motivating staff by recognising that human resources are essential to the company development;

Achieving manufacturing excellence at every stage of production so that products may be guaranteed;

Continuously updating machinery and manufacturing procedures in order to maintain quality levels in harmony with our environment. These are core principles of Colombo Design, world leader in the production of handles, present in 93 countries worldwide through an extensive network of agents and distributors. A solid reality, founded in 1991, based in Terno d'Isola, in the province of Bergamo, with an area of 100,000 square meters, of which 25,000 sqm are covered.

Our environmental approach.

Lo sviluppo è sostenibile se soddisfa i bisogni delle generazioni presenti senza compromettere le possibilità per le generazioni future di soddisfare i propri bisogni.
Sustainable development is development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

(Brundtland Report, United Nations, 1987)

E' TEMPO DI GREEN MADE IT'S GREEN MADE TIME

Green Made significa pensare, progettare e produrre in armonia con l'ambiente.

Green Made: perché In una economia globale assume un ruolo sempre più importante la protezione delle risorse disponibili ed in particolare lo studio degli aspetti ambientali legati alle diverse attività produttive. L'aumento dei consumi delle risorse non rinnovabili (i minerali ed i metalli come pure i combustibili fossili), dovuto alla costante crescita della popolazione mondiale, impone standards di produzione che privilegino la conservazione delle risorse disponibili.

I nostri processi produttivi sono frutto di una globale attenzione alla tutela dell'ambiente. La gestione accurata di questi processi ha portato, tra le altre cose, all'ottenimento della certificazione UNI EN ISO 14001 «Sistema di gestione ambientale certificato».

Green Made: il valore Ogni singola fase di progettazione e produzione è attentamente analizzata sotto il profilo dell'impatto ambientale ed ogni scelta successiva dettata dal raggiungimento degli obiettivi di eco compatibilità. Così durante la produzione vera e propria, saranno le più avanzate tecnologie appositamente sviluppate ed i più severi controlli, effettuati dal personale più qualificato, a garantire Green Made by Colombo Design: un prodotto nato con il pensiero costantemente rivolto all'ambiente.

«Green made» means thinking, developing and manufacturing in harmony with our environment.

Green Made: why Protecting our resources is more and more important in a global economy, and in particular paying attention to reflections of manufacturing onto the environment. Increase of consumptions of non-renewable resources (minerals, metals and fossil combustibles) due to increase of population, imposes manufacturing standards which privilege conservation of the available resources and raw materials.

Our production processes are the result of a total attention to environmental protection. By the accurate management of these processes we obtained the UNI EN ISO 14001 certification «Certified environmental management system».

Green Made: values Each design and production step is carefully checked with regards to the environmental impact and each following decision is taken if our eco-compatibility objectives are fully reached.

This means that when we manufacture our products, the Green Made concept by Colombo Design will be assured by the advanced technologies and very strict controls carried out by a very highly qualified personnel, generating a product conceived constantly thinking of the environment.

Our Certifications.

Sistema di gestione certificato da ICIM
Certified management system by ICIM
UNI EN ISO 9001:2015

Questa certificazione è valida per il seguente campo applicativo: Progettazione e fabbricazione di maniglie, complementi per arredamento e di accessori per l'arredo del bagno in materiali non ferrosi.

This certification is valid for the following application field: Design and manufacture of handles, furniture co-ordinated accessories and bathroom furniture accessories in non ferrous materials.

Sistema di gestione certificato da ICIM
Certified management system by ICIM
UNI EN ISO 14001:2015

Questa certificazione è valida per il seguente campo applicativo: Progettazione e fabbricazione di maniglie e complementi per arredamento in materiale non ferroso, accessori per l'arredo del bagno mediante le fasi di: pressofusione, burattatura, pulitura, galvanica, verniciatura, assemblaggio, confezionamento ed immagazzinamento.

This certification is valid for the following application field: Design and manufacture of non-ferrous handles and coordinated furniture accessories, bathroom furniture accessories by: die-casting, tumble finishing, polishing, electroplating, varnishing, assembling, packing and storing.

Nuova certificazione europea per le maniglie
New European certification for door furniture
UNI EN 1906:2012

La norma Europea UNI EN 1906:2012 stabilisce requisiti e metodi di prova per maniglie e pomoli.

Colombo Design ha conseguito, per tutti i suoi modelli, lusinghieri risultati tra i quali il più significativo è il **"Grado 4"** per la categoria d'uso: sinonimo di assoluta qualità e resistenza.

The European standard UNI EN 1906:2012 establishes requirements and test methods for lever handles and knobs.

Colombo Design achieved, for all of its models, excellent results between which the most significant is the **"Grade 4"** for the category of use: synonym of absolute quality and resistance.

Colombo Design warranties

HPS SISTEMA DI ALTA PROTEZIONE HPS HIGH PROTECTION SYSTEM

TRATTAMENTO DI PROTEZIONE GARANTITO 30 ANNI Quello utilizzato da Colombo Design è un processo di finitura mutuato dal settore dell'utensileria, in cui caratteristiche fisiche e meccaniche sono studiate per garantire prestazioni eccezionali di resistenza all'usura meccanica e al decadimento dovuto ad agenti ambientali e chimici, in cui il processo è stato messo a punto per garantire anche un notevole aspetto estetico, trasparenza e lucentezza fanno risaltare il design del prodotto. Tutti i prodotti trattati con il processo PVD, vengono preventivamente rivestiti con strati di rame, nichel e cromo per garantire un perfetto isolamento della materia prima sottostante. Trattamento con la garanzia di "30 anni" sulle finiture **Zirconium Gold, Oromat, Zirconium Stainless-Steel, Vintage, Vintage Mat, Grafite e Grafite Mat**.

PRESTAZIONI RIVESTIMENTO I prodotti trattati con il processo PVD, garantiscono prestazioni di lunga durata. L'utilizzo di questi prodotti è particolarmente indicato nel caso di ambiente corrosivo, come aree marine ricche di salsedine o in zone soggette a piogge acide. L'utilizzo in pieno sole e le escursioni di temperatura non pregiudicano l'estetica del prodotto con viraggi di tonalità del colore. La durezza del rivestimento e il basso coefficiente di attrito superficiale garantiscono un'ottima resistenza ai graffi dovuti, per esempio, all'utilizzo di anelli. Eventuali ammaccature provocate da urti o colpi possono intaccare l'integrità e provocare il decadimento delle prestazioni del rivestimento.

TRATTAMENTO PVD Leggere tolleranze cromatiche, frutto del sofisticato processo PVD, nelle finiture **Vintage, Vintage Mat, Grafite e Grafite Mat** sono da considerarsi normali.

PULIZIA E MANUTENZIONE I prodotti trattati con il processo PVD, richiedono solo la normale manutenzione da effettuare per motivi estetici ed igienici. Si consiglia di utilizzare solo acqua ed eventualmente sapone neutro. Non utilizzare prodotti particolarmente aggressivi o abrasivi. Non utilizzare prodotti contenenti acido fluoridrico o muriatico.

TREATMENT PROTECTION GUARANTEED 30 YEARS Colombo Design uses a finishing process borrowed from the tools industry, where physical and mechanic features have to guarantee a very high performance as far as mechanic wear and decay due to environmental and chemical agents are concerned. This finishing process also guarantees a high level of design where transparency and brightness allow the product to reveal. All PVD-treated products with High Protection System finishing are previously coated with layers of copper, nickel and chrome in order to guarantee the perfect insulation of the underlying raw material. Treatment with warranty of "30 years" on **HPS Zirconium Gold, Matt Gold, HPS/1 Zirconium Stainless-Steel, Vintage, Vintage Mat, Graphite and Graphite Mat** finishing.

COATING PERFORMANCE All PVD-treated products with High Protection System finishing guarantee better performance than any other type of coating, either galvanic or lacquer. The use of these products is strongly recommended in such places as high-salinity marine areas or areas subject to acid rains. The use in bright sunshine and temperature ranges does not cause color changes. The hardness of the coating space and the low rate of surface friction ensure a very good resistance to scratches due to the use of rings (for example). Any dents due by hits or impact can ruin the surface and affect the coating performance.

PVD TREATMENT Due to the high sophisticated PVD process slight color tolerances for the **Vintage, Vintage Mat, Grafite** and **Grafite Mat** finishes are to be considered normal.

CLEANING AND MAINTENANCE All PVD-treated products with High Protection System finishing require the usual routine maintenance. We advise to use only neutral soap and/or water. Do not use very abrasive products. Do not use products containing hydrofluoric or muriatic acid.

GARANZIA 10 ANNI GUARANTEED 10 YEARS

TRATTAMENTO DI PROTEZIONE GARANTITO 10 ANNI La lunga esperienza maturata nel settore dei trattamenti galvanici e PVD, unita alla scelta di prestare particolare attenzione alla qualità nei processi produttivi, consentono a Colombo Design di garantire le finiture dei suoi prodotti oltre la normale copertura prevista dalla legge. E' quindi con particolare orgoglio che offriamo ai nostri utenti la garanzia di "10 anni" sulle finiture **Oroplus, Cromo e Cromat**.

Questo impegno di durata nel tempo del prodotto è la nostra forte ed alternativa risposta al consumismo «usa e getta», sinonimo di spreco ambientale e nemico della memoria collettiva, irrinunciabile valore di tutte le società.

Per un utilizzo ottimale del prodotto, ed ottemperare alle regole della garanzia:

- . evitare l'impiego di sostanze solventi, abrasivi, alcool
- . rimuovere le eventuali tracce di sporco e polvere solo con un panno inumidito in acqua tiepida.

TREATMENT PROTECTION GUARANTEED 10 YEARS The long experience in the field of galvanic treatments, combined with the choice to pay special attention to the quality in production processes, enable Colombo Design to ensure the finishes of its products beyond the normal warranty provided by law. It is therefore with great pleasure, we offer to our end-users the warranty of "10 years" on **Oroplus, Chrome** and **Matt chrome** finishing. This commitment of product durability is our strong and alternative response to consumerism «disposable», synonymous with environmental waste and enemy of collective memory, an essential value of all societies. For maximum performance, kindly comply with the rules of warranty:

- . do not use solvents, abrasives or alcohol
- . remove any traces of dirt and dust with only just a cloth dampened in water.

Fissaggio a muro e vetro ottenuto con uno speciale nastro biadesivo in schiuma acrilica ad alte prestazioni (3M™ VHB™).

Attenzione: Si sconsiglia l'applicazione dei pezzi su superfici particolarmente ruvide o poco compatte, così come su intonaci o muri grezzi.

Wall and glass fixing with a special high performance double sided acrylic foam tape (3M™ VHB™).
Attention: we do not recommend the application of the pieces on surfaces particularly rough, as well as on painted walls.
